

COMMONSPIRIT HEALTH Summary of Financial Assistance Policy

CommonSpirit Health is dedicated to creating healthier communities by providing financial assistance to persons who have health care needs and are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay. Advocating for the poor and vulnerable is both our mission and our passion. This Summary describes the financial assistance available to help pay for medically necessary services provided by CommonSpirit Health Hospitals to those patients who meet certain income requirements.

Free Care:

- If you are uninsured or underinsured with a family income of up to 300% of the Federal Poverty Level, you may be eligible to receive a 100% discount from your balance for eligible hospital services.

Discounted Care:

- If you are uninsured or underinsured with an annual family income between 301-400% of the Federal Poverty Level, you may be eligible to have your balance for hospital services discounted by 50% or more, or reduced to the Amount Generally Billed (AGB), depending on your income level. Further details are outlined in the Financial Assistance Policy.

Eligibility:

Assistance is offered to those whose annual family income falls within the categories above and have:

- Cooperated with efforts to exhaust all other payment options; and
- Completed a Financial Assistance Application and provided sufficient support to verify income.

NOTE: In some cases, patients may be awarded financial assistance without a formal application. Details are outlined in the Financial Assistance Policy.

Fees charged patients eligible for financial assistance:

If you are eligible for financial assistance under our Financial Assistance Policy, you will not be required to pay more than the Amount Generally Billed, which is an amount set under federal law that reflects the amount that would have been paid to the hospital by private health insurers and Medicare (including co-pays and deductibles) for the medically necessary services.

You will never be required to make advance payment or other payment arrangements in order to receive emergency services.
