

Tours of the St. Michael's Family Birth Center are now available!

Join us for a guided tour by a registered nurse at the Family Birth Center.

Tour includes a walk through the Labor and Delivery entrance (Patient and Visitor Check In), the OB Emergency Department, the Labor and Delivery and Postpartum units (to include a patient room, guest waiting rooms, and nourishment area). There will be discussion of what to expect in all areas of our Family Birth Center, including Labor and Delivery, Special Care Nursery and Postpartum. There also might be an opportunity to ask specific questions you may have.
